

## A C K N O W L E D G E M E N T

I would like to express the deepest gratitude to my guides, Dr. T. M Srinivasan and Dr. H. R. Nagendra for their constant guidance and encouragement throughout my PhD work.

I sincerely acknowledge Srinidhi Diabetic Centre, Bengaluru, India, for the facilities and support provided for the study by the management. I also express my sincere thanks to Dr. Subramanian and Alaka Mani, who always extended their support for collecting the data.

I thank Dr. P. Marimuttu from the department of Biostatistics NIMHANS who helped me with the statistical analysis and Dr. Judu Ilavarasu for his constant support throughout my research work.

I also thank my Ph.D. colleagues and friends Venkata Giri Kumar Pusuluru, Mooventhan, Nivethitha and Surendra Sankhla, who helped me during various phases of my work. I also would like to thank all the participants involved in my research as subjects.

I take this opportunity to record my sincere thanks to all the members of the faculty, specifically Dr. Guru Deo Ph.D. Co-Ordinator, Dr. Subramania Pailoor and Sushrutha S. I would be always grateful to my university Swami Vivekananda Yoga Anusandhana Samsthana (S-VYASA) for its support in promoting my research career.

I am indebted to my family and well-wishers for their inspiration, love and support. I also place on record, my sense of gratitude to one and all who, directly or indirectly, have extended their helping hand in this venture.

Finally I thank that unseen divine without whose wish, this work would not have been possible.
